

New charges at Household Waste Recycling Centres

We're introducing charges from 3 April 2017 for some types of waste we accept at our recycling centres.

Government cuts mean our budget will be a third lower in 2018 than in 2010 and we need to find new ways of helping to pay Derbyshire's £37.2m waste bill each year.

The types of waste we will charge for include concrete, cement, mortar, rubble, hardcore and ceramics.

You can read more on the back of this leaflet or on our website:
www.derbyshire.gov.uk/wastecharges

The following items will be charged at £3 per standard rubble sack or part sack (up to a maximum of 820mm x 535mm) or equivalent quantity. Single large items e.g. a sink or pedestal or shower tray will be charged separately at £3 each.
